BOOK SYNOPSIS

Robie is an experienced traveler. She's taken the flight from Honolulu to the Midway Atoll, a group of Pacific islands where her parents live, many times. When she has to get to Midway in a hurry after a visit with her aunt in Hawaii, she gets on the next cargo flight at the last minute. She knows the pilot, but on this flight, there's a new co-pilot named Max. All systems go until a storm hits during the flight. The only passenger, Robie doesn't panic until the engine suddenly cuts out and Max shouts at her to put on a life jacket. They are over miles of Pacific Ocean. She sees Max struggle with a raft. And then . . . she's in the water. Fighting for her life. Max pulls her onto the raft, and that's when the real terror begins. They have no water. Their only food is a bag of Skittles. There are sharks. There is an island. But there's no sign of help on the way.

THE RAFT - Are you looking for Ebook The Raft? You will be glad to know that right now The Raft is available on our online library. With our online resources, you can find Applied Numerical Methods With Matlab Solution Manual 3rd Edition or just about any type of ebooks, for any type of product.

Best of all, they are entirely free to find, use and download, so there is no cost or stress at all.
